Radisson Collection| Hospitality Project Solution By Hongye Furniture

The total area is more than 90,000 square meters, set Business Travel Accommodation, Conference & Exhibition, Banquet, Events and Leisure Vacations equal to one. Relying on the regional characteristics, the fusion of music and science and other elements, the formation of unique scientific and cultural connotation in a new way of interpretation, to provide guests with a unique high-end residential experience.

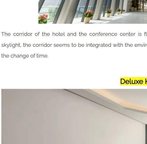

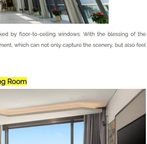

The entire building adopts opposite gradient horizontal lines, and the photovoltaic glass on the roof is like pieces of feathers, sparkling under the sunlight, and undulating and changing to form a skyline facing the sea, symbolizing the "harbourside prosperity" of the new port in the new era. In addition, the hotel has obtained LEED certification and is committed to creating a sustainable environment.

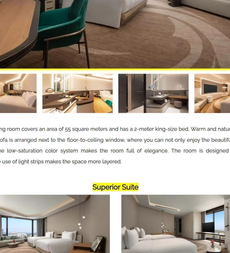

It has a total of **482** spacious and elegant rooms and residences, including **307** guest rooms and **175** apartments, which can meet the diverse needs of business, family and leisure.

Lobby

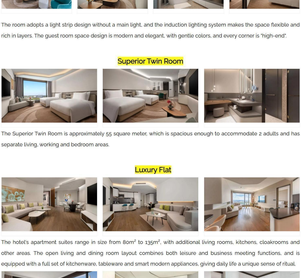

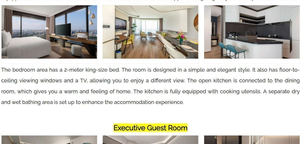

An AI interactive experience area is set up in the hotel lobby, which simulates scientific achievements through the application of science, naked-eye 3D, lighting effects and other ways, making scientific research results interesting and visual, forming a unique connotation that is different from other hotels.

The corridor of the hotel and the conference center is flanked by floor-to-ceiling windows. With the blessing of the skylight, the corridor seems to be integrated with the environment, which can not only capture the scenery, but also feel the change of time.

Deluxe King Room

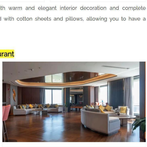

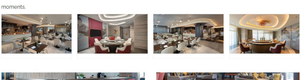

The deluxe king room covers an area of 55 square meters and has a 2-meter king-size bed. Warm and natural, with plenty of light. The sofa is arranged next to the floor-to-ceiling window, where you can not only enjoy the beautiful scenery, but also relax. The low-saturation color system makes the room full of elegance. The room is designed without main lights, and the use of light strips makes the space more layered.

Superior Suite

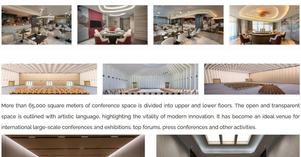

The superior suite covers an area of 75 square meters, and the cleverly separated living room/office space. Which is spacious and bright, allowing you to switch between vacation and business modes at will.

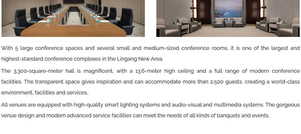

The room adopts a light strip design without a main light, and the induction lighting system makes the space flexible and rich in layers. The guest room space design is modern and elegant, with gentle colors, and every corner is "high-end".

Superior Twin Room

The Superior Twin Room is approximately 55 square meter, which is spacious enough to accommodate 2 adults and has separate living, working and bedroom areas.

Luxury Flat

The hotel's apartment suites range in size from 80m² to 235m², with additional living rooms, kitchens, cloakrooms and other areas. The open living and dining room layout combines both leisure and business meeting functions, and is equipped with a full set of kitchenware, tableware and smart modern appliances, giving daily life a unique sense of ritual.

The bedroom area has a 2-meter king-size bed. The room is designed in a simple and elegant style. It also has floor-to-ceiling viewing windows and a TV, allowing you to enjoy a different view. The open kitchen is connected to the dining room, which gives you a warm and feeling of home. The kitchen is fully equipped with cooking utensils. A separate dry and wet bathing area is set up to enhance the accommodation experience.

Executive Guest Room

The executive guest room is 55 square meter in size, with warm and elegant interior decoration and complete facilities. The beds are comfortable and spacious, equipped with cotton sheets and pillows, allowing you to have a comfortable sleeping experience.

Restaurant

It has 7 unique restaurants and bars. The collision of traditional Chinese delicacies and Western cuisine creates an immersive dining experience. Travel between delicacies, enjoy star-rated dishes, and unlock unforgettable "food" moments.

It has 7 unique restaurants and bars. The collision of traditional Chinese delicacies and Western cuisine creates an immersive dining experience. Travel between delicacies, enjoy star-rated dishes, and unlock unforgettable "food" moments.

More than 65,000 square meters of conference space is divided into upper and lower floors. The open and transparent space is outlined with artistic language, highlighting the vitality of modern innovation. It has become an ideal venue for international large-scale conferences and exhibitions, top forums, press conferences and other activities.

With 5 large conference spaces and several small and medium-sized conference rooms, it is one of the largest and highest-standard conference complexes in the Lingang New Area.

The 3,300-square-meter hall is magnificent, with a 13.6-meter high ceiling and a full range of modern conference facilities. The transparent space gives inspiration and can accommodate more than 2,500 guests, creating a world-class environment, facilities and services.

All venues are equipped with high-quality smart lighting systems and audio-visual and multimedia systems. The gorgeous venue design and modern advanced service facilities can meet the needs of all kinds of banquets and events.

Swimming Pool and Gym
